

## **Testimonies**

**(Edited for security, 2010)**

**A:** My name is A, from Assam. For the past 5 years, I have been a believer in Isa Mashi and my age is currently 72. I am also a leader of a Jamat (House Church). Ever since I am a believer, I have many dreams and among them I have one I treasured the most because, this is so real to me.

In my dream, I saw an old man seating in a bright –shining chair and around that chair I saw a river flowing round but looks like a fire. I saw some wild animals approaching that man and they tried to attack and kill him. But the old man was so strong they could not touch him. He got hold of the tigers, lions etc that came to kill him and then threw them into the river of fire one by one.

Then I finally went to the old man and asked him. “why are you sitting here in this chair?” and his reply was, “ Well, Jesus Christ (Isha Mashi) will come soon and he will sit here in this chair. When ha comes and sit on this chair, he will rule over the whole world over you also. This chair belongs to Him and when He rules, there will be no end of His reign because His kingdom is forever”.

Then he continued to tell me that when Isa Mashi comes, we will see him coming in the sky with great glory as he pointed towards the sky. I also look up the sky and was so excited to see Isa coming down on the earth. I After that I suddenly woke up from my sleep and I praise and thanked Isa for coming again to rule upon the earth.

**B:** My name is B from Morigaon district. For the past 5 years, I have been working in 7 Jamats (House Church) my area. Actually, according to the Muslim religious position, I am a Maulana which is just above the priest as I am also a teacher in Madrasa. Madrasa is a religious school for the Muslims. I worked under my superior called ‘Peer’ who is no more now.

One day, I had a dream and in my dream I saw my Peer and he said to me, “Isa Mashi is my Saviour and not Mohammed”. I saw the same dream repeated to me for four nights. I was puzzled and I shared the dream with my Muslim friends. When I talked with my Peer, he said, that is true and Isa Mashi is the Saviour.

My family, brothers and uncle and some of the village people accepted my dream as from God and they are now believers like me. After that I found so many come to faith in Isa Mashi- the Saviour of mankind.

**C:** I am a pakka Muslim and a believer in Isa Mashi my Saviour, coming from Assam. He is my personal Lord and Saviour. Before I come to faith, my daughter was suffering from mental problem and she was considered half mad. We had so much problem as we do not know what will happen and how to treat her. At that time, she was about 10 years old.

During our search for cure and suffering as a family, we came to know about Isa Mashi and we became believers in Isa Mashi. Then me and my wife Sofia began praying for our daughter for healing. Actually we prayed and prayed for two years for her healing. Then one night I had a wonderful dream.

I saw Isa visiting our humble house one night and told us 'I am your Lord Mashi and I have heard your prayers'. Then he stretched forth His hand and laid it on the head of my daughter and declared 'healing' and release from her sickness. From that day, we saw a change in our daughter's behavior. She was already on her way to recovery we know. Our family was too happy because Isa had brought healing.

My daughter is now completely alright and has no health problems. She is now working with the Jamat (house Church) and she found satisfaction in her work. My daughter is happy now and please continue to pray for our family.

**D:** I am D from Assam. I came to know and started following Isa Mashi since the last three years. I truly believe that Isa Mashi is my living Saviour and Lord.

I have a fishery in the 10 bighas of land which is about 8 feet deep. It is not a small fishery , but the big problem was there is no water and so no fish to catch. The fishery was dry for almost 10 years and I could not do anything about it. But after I put my faith in Isa Mashi, I started praying for water. The prayer efforts continued for two years but we never gave up hope. Finally, all on a sudden water flowed into my fishery pond! I was so happy and surprised. Truly God answered prayers.

Now we have water, we have lots of fish- not little fishes but big big fishes ! My earning from this fishery I should say is really good now. Isa Mashi the living God gave me a living proof that He is alive today. Our God is a living God!

**E:** I am a headman or Gaobhura from Assam. Some two years back, the villagers rose up against me and dismissed me from my responsibility as a GaoBhura. I was a loser and I could not do anything about it.

During that time, I came to know Isa Mashī as Lord and Saviour. I started praying to Him especially to give me back my job. I tried very hard to be a good worker and beat every one in good works in my village. I now have a jamat (house church) that I am looking after as I have become the leader of the Jamat.

My villagers seeing my changed life again supported me and wanted me to be their gaobhura again. Now, Deputy Commissioner gave an appointment letter to me and I am a happy man again because Isa Mashī helped me. Thanks to Isa Mashī! Pray for us.

**F:** My name is F from district of Assam. My permanent work is cultivating and for the last 5 years a believer in Isa Mashī with my 3 sons and one daughter. On 2<sup>nd</sup> August in 2009, one sad incident happened to me and my wife when our youngest son fell into the water in the backside of our house. After three four hours in the night, we found him in the pond and took him out like a dead person. His pulse was nor more and his condition was only like a dead person as there was no movement anymore. Everybody said, 'he is dead' and no hope for us even as we took him to the hospital. Doctor declared him dead after examination and he left.

I was sitting with my lifeless son in the varendah of the hospital because there was no taxi to take us back. Me and my wife cried out loud in the night for our beloved son who could not respond to all our cries. We sat near our child, sometimes crying and sometimes praying to Isa until past midnight. We were both e broken hearted.

After all these crying and praying was done, I closed my eyes and fell into a sleep. In my dream, I saw Isa came to where we were sitting and asked me, "What happened to you?" I told Isa – my son is dead because he fell into the pond behind our house. Isa said, "No, he is not dead. He is only unconscious not dead. Now call the doctor and let him see. He is already healed". Then I looked at my son and now I could see some movements under the sheet we used to cover him. I touched his hands and his feet and he continued to move.

I jumped out and cried - "Doctor, come here.." and I was so excited about everything. Then 2 doctors appeared on the scene and the time was 3.30 am already. Then doctors called the nurses and immediately 3 nurses came and took my son inside and laid him on the bed for examination etc. After doing everything, they declared my son is alive and not dead! All of us were so happy and surprised. Praise to Isa and thanks to Isa the living Lord!

Our family members were so happy and when we reached back home, the villagers came to our house and surprised to hear the dream and the healing of my son. No other like Isa and all the villagers believe Isa now.

He is great for me

He is Lord for me

He is a living God for me.

He is Saviour for me.

He is all in all.

He is God-Allah.

**G:** I come from a Muslim family in Assam. I am Isahi Mashī believer. For the last 5 years my one side including my arm and on leg is paralysed. S half of my body is unable to move properly I always pray to God for healing especially after I accepted Isa Mashī as my Saviour. This was going on for sometime.

Then one night I saw in my dream Isa Mashī (one year ago) came into my house and He touched my hand and said, "You are now alright , but do not tell others now". I cried with joy and my heart was so happy to know that Isa is truly a living God. From that day, I became stronger and more improved as I was able to move both my hand and leg normally. All my troubles is now gone and all the members of my family were happy also to see me completely healed.

Right now I am working in 2 Jamats (house Church) in Morigaon district and please pray for me.

**H:** I am a Gipsy and Suni Muslim. My business is catching snakes and playing with them in the market place to earn my living. I am actually scared to catch snakes. I was ok when I was working with my father. I have fear deep down in my heart because I felt I am not expert in catching the snakes and so I am not comfortable when I play with the snakes in the market place. So, I pray always to God so that I can catch the snakes well.

One night I had a dream and I saw Isa coming to me and advised me how to catch the snake using his name "isa". When the morning came, I told my dream to my wife and friend also. Then, both of them encouraged me to catch the snake in the name of "Isa".

After that I became more confident and so last year was much better than the previous year. Now I can do my job well and I am happy with my wife and my two children.

Thank you Isa

**I:** My name is I from District of Assam. I had been a Sunni Muslim Maulana and not aware of Isa Mashi. I used to have many dreams and in one of them I saw Mohamed who told me, "I am not your intercessor, only Isa Mashi is your true Intercessor". For the past 5 years, In those days, I was thinking very much about who could be my Intercessor. Is it Mohammed or any other prophet' I used to ask myself. Somehow, four times the same dream came to me. Every time Mohamed said to me, "Isa is the real and true Intercessor and not Mohamed".

From that day on I believed Isa Mashi as my Saviour and living Lord. Mohamed told me so. For the last 2 years, I am a Muslim believer in Isa Mashi . I work with others in my district looking after Mashi Jamats. Muslim people do not believe my dream openly, but to me, all my doubts and fears and headache are gone. I am free man now, because I found the truth about Isa Mashi from Mohamed himself.
